Purdue Polytechnic New Albany
Computer Graphics Technologies

September 2019- Present, New Albany, Expected 2025

I am currently working towards a Bachelor of Science in Computer Graphics Technology at the Purdue Polytechnic University. This covers a large number of topics ranging from 3D Modelling, 2D Illustration, Data Visualization, Technology Law & Policy, Programming in C++, Advanced Calculus, Physics, Video Game Design, Graphics Design, and Interpersonal Communication.

Skills

Summary

I'm a Computer Graphics Technologies major, whose a major fan of classic video games such as Fallout, Dwarf Fortress, and Mount and Blade. Alongside those, I have a love for Writing and Storytelling in general.

I have experience in both traditional office settings and operating presentation software alongside a livestream.
